

Self-Contained Roll-Off Compactors

Harmony Enterprises' Self-Contained Compactors Are Built To Provide Years Of Reliable, Maintenance Free Service.

Harmony Enterprises' Self-Contained Compactors are the ideal solution for areas where sanitation and neatness are of the highest importance. Motels, fast food chains, department stores, clinics, and nursing homes have all found the benefits of the Self-Contained Compactors. These machines are perfect for confined areas where space is a concern.

Harmony Enterprises' Self-Contained Compactors are manufactured in a number of sizes, ranging from 9 cubic yards all the way up to 40 cubic yards, and lengths from 13' to 26'. All of the Self-Contained Compactors combine prime, high quality steel plate, structural steel channel and tubing for some of the strongest compactors available today. All of the Self-Contained Compactors' hydraulic and electrical systems use trusted, name brand components and are of the highest quality available. Harmony Enterprises' Self-Contained Compactors are built to provide years of reliable, maintenance free service.
