

HORIZONTAL BALERS H60

The H60 is a high-capacity baler with our industry exclusive *Semi-Automatic Wire Feeder* (patent pending).

The H60 offers all the features you would expect from a Multi Material baler making extremely dense, mill ready bales of cardboard, plastic and non-ferrous metals, reducing shipping and handling costs. Loaded with features, and built to provide years of durable service in the harshest environments, the H60 increases your productivity and your bottom line.

The H60 Horizontal baler with *Semi-Automatic Wire Feed* (patent pending), yet another industry exclusive from Harmony Enterprises.

- Offers 50% Less tying time with **NO WIRE GUIDES**
- Increases **recycling revenue**
- **Reduces** waste disposal costs
- **Improves** your business appearance and increases workplace safety
- **Increases profitability and increases labor efficiency**

Perfect for:

- **Distribution Centers**
- **Beverage Facilities**
- **Manufacturing Facilities**
- **Recycling Centers**
- **Scrap Yards**

H60 PRODUCT SPECIFICATIONS
