

SmartPack

Automatic Trash Compactor

Similar in size and appearance to traditional waste bins, but at least 10 times more effective for managing waste!

- Save 75% on trash related tasks
- Save 30% on existing trash liner usage
- 11:1 compaction ratio
- One compacted bag of trash from a SmartPack replaces 10-12 regular 25 gallon bags of trash

Compare these features of the SmartPack with the Competition:

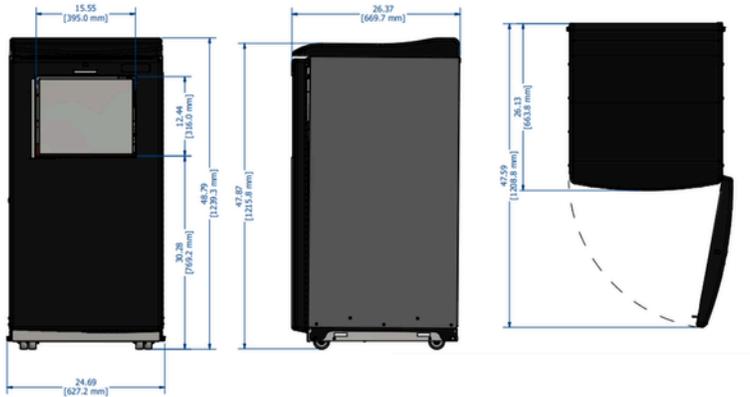

- "No Touch" Automatic Loading Door
- Quiet 10 Second Cycle Time
- "No Rust" Stainless Steel Chamber
- LED Light Showing Ready for Use, In Use, & Full
- Light, Medium, & Heavy Cube Weight Selector Switch
- Adjustable Photo-eye Sensor To Detect Patrons
- Adjustable Number Of Door Openings Required To Trigger A Compaction Cycle
- Wheeled Waste Cube With Convenient Pull Strap
- Optional Food Tray Storage Rack
- Variety Of Styles & Colors To Match Any Décor
- Front "Swivel" Casters for Easy Maneuverability
- Programmable Inclination Sensor Detects Precise % of Compactor Fullness In Any Setting!

The SmartPack Automatic Trash Compactor Ideal For:

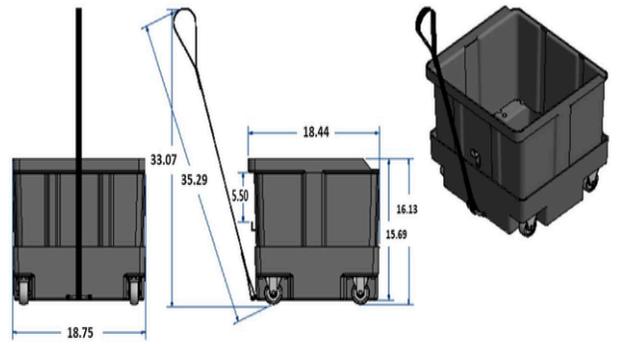

- Airports
- Restaurants
- Shopping Malls
- Casinos
- Museums
- Amusement Parks
- Sports Venues
- Universities
- Hospitals

When combined with our *Insite Technology*, you can ensure that every compactor is emptied when its full, optimizing staff time, bag use, and trash related expenses!

SmartPack Automatic Trash Compactor

Portable Wheeled Waste Cube

**Make things easier with Insite
Wireless Monitoring:**

Insite is invisible technology in the SmartPack that sends alert emails and SMS texts when the unit needs to be emptied or serviced. This creates extra time for your staff to do other important work and saves on trash related accessories! Learn more at <https://harmony1.com/insite-wireless-monitoring/>

SmartPacks can be purchased through Harmony Enterprises, or rented through Harmony Equipment Rental!
