Stationary Compactors C75 / C200TC

Matching The Machine To The Job.

The Model C75 is a full powered space saver, measuring a mere 76 1/2" in length. It saves valuable space on your property. The C75 can even be attached to a roll-off receiver box, or a front loading receiver box. The C200TC is similar in size and appearance to the C75, and has all the latest in space saving design, comes with the most standard features in the C-Series, and more than any other stationary compactor in the industry. You owe it to yourself to look into these fine products from Harmony Enterprises.
