

Job Description of Robotic Welder Specialist

Harmony Enterprises, an Equal Opportunity (EEO/AA) Employer, is hiring for the position of Robotic Welder Specialist.

This individual will program and operate Harmony's AW500 Yaskawa robotic welder. This position's responsibilities include, but are not limited to: programming the welder to produce parts, assisting with the making of robotic jigs, operating the robotic welder, training others to operate the welder, trouble-shooting the robot when needed, and be the Harmony "go to" employee for the robotic welder. The robotic specialist will work with production and engineering as needed to achieve results.

Responsibilities:

- Fully understand Yaskawa programming software
- Maintain consistent operation of the robot
- Assist in creating jigs for the robot
- Operate the robotic welder
- Train others to run the robot as needed
- Fully understand the limitations and expectations of the robot
- Be the Harmony "go-to" person for the robotic welder

Requirements:

- Must have experience programming, operating, trouble-shooting, and training on the Yaskawa AW500 robotic welder or like model.
- Meet and uphold Harmony Enterprises' [core values](#)
- Willingness to learn & go to training as needed
- Welding background and experience
- Excellent written and verbal communication skills
- Ability to learn quickly in a team-oriented environment
- Ability to achieve successful results within communicated deadlines
- Must possess technical, problem solving, and analytic skills, including the ability to think strategically
- Must possess an attitude of safety in all aspects of the job

Pay will be based on experience.
