

CNC Press Brake Operator Job Description

An Equal Opportunity (EEO/AA) Employer

These persons are responsible for setting up tooling for and operating a CNC brake press used in the fabrication of our quality balers and compactors.

Harmony CNC Press Brake Operators need to understand machine programming and how to read and understand measurements used in metal fabrication.

Requirements

- Experience operating CNC press brakes preferred.
- Ability to read and interpret mechanical documents and technical drawings.
- Understanding of precision measurement tools and tolerances.
- Mechanical aptitude and good math skills.
- Strong attention to detail and a results-driven approach.
- Good communication abilities.

Alignment with Harmony Enterprises' Core Values:

- Committed
- Passionate
- Innovative
- Courage To Make A Difference
- Enhancing Our Shared Experience

Pay will be based on experience.
